

To strengthen our team we are looking for an employee as

Project Manager (m/w/d) Retrofit

Beschäftigungsbeginn: Zum nächstmöglichen Zeitpunkt

Beschäftigungsort: Bad Oldesloe

Your tasks

- Planning, coordination, execution and monitoring all aspects of retrofit conversion projects ensuring successful completion and customer satisfaction
- Taking ownership of the design and implementation of retrofits, in close collaboration with other technical departments if needed
- Creation of the system layout, functional description and configuration of the mechanical parts lists
- Creation of specifications for system purchases
- Carrying out consulting and determining wishes and needs at customers' locations
- Acting as the main point of contact for customers throughout the project lifecycle
- Creating and adhering to the schedule and initiating the necessary measures in the event of a plan change
- Managing the process of complaints until the warranty period expires in cooperation with the technical departments and the service center

Your profile

- Degree in mechanical engineering, industrial engineering or comparable technical training background, ideally combined with further additional commercial degree
- First professional experience in B2B sales is an advantage
- Willingness to work in Bad Oldesloe (70%) and travel globally to establish direct customer contact (30%)
- Confident handling of MS Office products and CAD
- Bilingual (German and English)
- Open-minded and convincing personality with a strong customer and sales focus
- Independent, diligent and flexible work behavior

Your benefits

We offer attractive remuneration, flexible working hours, vacation and Christmas bonuses, a comprehensive pension plan, and the option for hybrid/mobile working to help you achieve work-life balance. Flexible working hours, vacation and Christmas bonuses, pension plan, and the option of mobile working.
